PROFILE

Experienced Project Manager and Lead Designer in residential and commercial architecture. Skilled in managing high-end projects, from design development to construction documentation, and coordinating with city authorities. Passionate about creating functional, aesthetically pleasing spaces and enhancing designs through effective collaboration with Directors and creative professionals.

EMPLOYMENT HISTORY

Design Lead , IDG west

Seattle

Jan 2022 — Present

Specializing in commercial interior design for apartment complexes, focusing on redesigns and new developments. Responsibilities include schematic design, site measurements, design development, material selection, renderings, 3D modeling, and FF&E selection. Experienced in presentation development, template creation, and project documentation.

Design Lead , Lars Remodeling and Design

San Diego

Jun 2020 — Jan 2022

Remodeling company specializing in kitchen and bath renovations, exterior additions, and new builds. Responsibilities include schematic design, site measurements, design development, material selection, permitting, renderings, and client and team management.

Project Manager & Designer, Frontis Architecture

San Diego

Jun 2015 — Jun 2018

High-end architecture and multifamily development company. Responsibilities include schematic design, site measurements, design development, material selection, permitting, renderings, and client management.

Project Manager , EOS Architecture

Aug 2011 — Present

At EOS Architecture Inc., I worked under award-winning architect Jennifer Bolyn on high-end residential, condo, and small commercial projects. My responsibilities included design development, project coordination, and city submittals across various locations including Solana Beach, Encinitas, Del Mar, San Diego, and others.

EDUCATION

MArch, New School of Architecture and Design

San Diego

Jan 2010 — Dec 2012

BS, Portland State University

Portland

Jan 2005 — Dec 2009
